

Telex® Technical Data

Adjustable Mount for 2.4 GHz Yagi Antenna
Order No. 2430AA

General Description

The 2430AA articulating mount allows the WLAN Yagi antenna to be directed in a specific path, to optimize signal integrity and network performance. The horizontal range of adjustment is 170 degrees and the vertical range of adjustment is 130 degrees.

Specifications

Mechanical:

Size	4.875" H x 2.563" W x 3.625" L
Weight	16 oz. (455 grams)
Mounting Method	4 mounting holes on flat surface
Range of Adjustment:	
Vertical	130 degrees in 10 degree increments
Horizontal	170 degrees in 10 degree increments
Material:	
Mount	nylon
Mounting Plate	aluminum
Hardware	stainless steel
Environment	Indoor and Outdoor
